To Whom It May Concern:

MRBS, Inc has worked for the ARGUS Management Group at various health care and education construction sites during the past year. We have found their staff to be attentive to detail, hardworking, and courteous. Tasks completed have included, but not been limited to: demolition, light carpentry, construction cleanup, and furniture and equipment moving,

We have been very happy with the service we have received from MRBS and feel the work has been completed efficiently and within expected budget constraints.

If you have any questions regarding MRBS and our experiences working with them, please do not hesitate to contact me.

Sincerely,

Wade Starnes
Principal
