To whom it may concern,

Please let this letter act as my recommendation for MRBS, Inc. Micheal Brundige has been working for me as a General Contractor at the Roswell Park Cancer Institute for almost a year now and during that time Mr. Brundige and his company have delivered all of their projects on time, budget and with great skill and expertise. I find having MRBS, Inc. as one of my go to contractors to be a valuable asset to my work and success here at RPCI. I would urge you to consider MRBS, Inc. for your next project, as you will not be disappointed.

Sincerely,

A handwritten signature in blue ink that reads "Michael C. Galley".

Michael C. Galley  
Construction Manager  
LiRo Engineer, Inc.
