Mayor Byron W. Brown

Otis T. Barker, Sr.
Deputy Commissioner

February 22, 2013

To Whom It May Concern:

I am writing a letter of reference on behalf of Michael Brundige and MRBS, Inc. a City of Buffalo licensed general contractor.

For nearly 7 years now, Mr. Brundige has participated as a worksite supervisor for a large number of youth between the ages of 14-21 who were employed through Mayor Byron W. Brown's Summer Internship Program. The numerous valuable lessons that the interns learn vary from diversity training; skill development and career building. The interns also receive training that is related to OSHA Safety, CPR and First Aid. One of the most valuable assets that Mr. Brundige brings to the interns is a first-hand look at what it takes to be successful in the working world. Residential Construction and Ergonomics in Construction are just a small sample of the wide range of services that this program provides and after completion of the program each youth who is successful receives a certification in the area of study.

I strongly recommend that Mr. Brundige and MRBS is perfectly suited to collaborate with any organization or projects that fit into his company's mold. Feel free to contact me at (716) 851-5887 or via e-mail: fcarter@city-buffalo.com.

Franklin Carter
Special Assistant to the Deputy Commission
